

# Wellness Savings Plan

For Non-Insured Patients

## **How does the plan work?**

Our Wellness Savings Plan is designed to provide affordability and greater access to quality dental care to our patients who do not have dental insurance. You pay a yearly membership fee that covers routine preventive services like cleanings, exams, and x-rays and gives you exclusive discounts on additional dental services. The plan often pays for itself at your initial cleaning appointment.

## **Why do we offer this to our patients?**

We believe everyone deserves to have access to high-quality dental care. Most dental emergencies are preventable, but we have found that many patients without insurance only show when something bothers them and end up overpaying on x-rays and emergency exams.

## **Benefits of the Wellness Savings Plan**

- No limitations on yearly maximum benefits!
- No deductibles!
- No insurance claim forms or hassling with third parties!
- No wait times on treatment or pre-authorization requirements!
